

Go from box to box working out the sums along the way. Bee is trying to do this puzzle too – do you both end up with the same answer? If not, which one of you has got it wrong?

A. How many lines in a staff?

B. Multiply this by the number of counts a ♩ is worth

Total

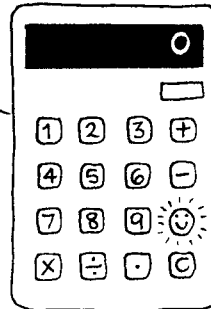

2 + 2 = ...
um ...

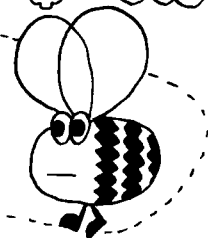

Hmm ...

C. Add your total to the number of letters in the musical alphabet.
New total

D. Add this total to the number of crotchet beats in a bar of $\frac{3}{4}$.
New total

I wonder what this button does?

BEE'S ANSWER
12

E. Take away from this the number of letters in the Italian word for 'very loud'.
Final total

Your answer
