Intimate Decisions

1996

10 min

for solo viola

"Intimate Decisions communicated fervor and mastery of instrumental colour." (Melbourne Age, 30 Jun 1997)

"The work evolved from a series of bare intervals into an unstoppable wave of energy. The climax was an impassioned outburst, but the end of the piece returned to the private unease of the opening: a haunting melody, played with whistle-like harmonics, which gradually ebbed into silence." (The Guardian, May 2002)
