

# Singing BOOK 3 Sherlock

Val Whitlock & Shirley Court

## Engineers

Pumping pistons,  
Grinding gears,  
That is music to our ears.

Add a drop of lubrication,  
All machines in operation.

Bring on the sound we love to hear,  
The engines roaring in our ear.  
We wanna say it loud and clear,  
It's great to be an engineer.

*(sing twice)*
