

# Music maze

The other animals have hidden Goat's recorder. They have given him this clue to help him find his way to the animal who is keeping it safe.

You can help Goat by going into the maze at the box where he is standing. If the notes and rests in the box add up to one beat, leave the box by the top exit. If they make two beats, leave by the right-hand exit. If they add up to three, leave by the bottom exit. If they make four, leave by the left-hand exit. Keep doing this in each box until you are directed out of the maze to one of the animals.

Who is keeping Goat's recorder?
