Set the auto accompaniment to ON and use the single-figure chord method or the fingered chord method to play the left-hand chords. Increase the tempo of the standard ballad setting to a comfortable speed for the recorder players (about ♩=120). Press the "sync start" button (on most keyboards this sets the tempo indicator flashing) and count four beats out loud to help you all start together. The tune that is being played by the recorders is indicated by the small notes.

Style: ballad or pasodoble
